Building Creativity Art Show

Young at Art Studios presents student's drawings, paintings, and mixed media pieces at the 2007 annual student art shows.

Everyone is invited to come celebrate these local artists of all ages and partake in the moon bounce, food, and fun for the whole family! Two show openings: April 22nd in Camarillo, and May 20th in Moorpark, from noon to 2 p.m. at **Young at Art Studios**. Each show will be on display for a month following the opening from 3 p.m. till 6 p.m., Monday-Saturday.

Art show attendees will judge the **Young at Art Studios'** student entries. The winning entries receive top honors and are featured on **Young at Art Studios'** summer brochures for each studio. Artwork of first place winners in each age group and category will also be on display at www.youngatartstudios.com following each show.

"I found I could say things with color and shapes that I couldn't say any other way—things I had no words for." —Georgia O'Keeffe

"Eye-catching" artwork is learned through classes which enhance artistic skills, build creative thinking, and encourage new ways of seeing. Our artist-instructors provide one-on-one training that builds self-confidence, participation and motivation towards life long learning through the study of art. **Young at Art Studios**, independently owned by professional artists since 1992, provides art classes, summer programs, college portfolio development, personalized art programs and after school and in-school enrichment programs for all levels of aspiring artists-children and adults. A **Free** introductory class is offered to those interested in attending **Young at Art Studios**. Studios are open Monday through Saturday by appointment.
